Please note that we are a boutique brand that produces limited editions of our products. The colours of the linen can vary with fabric availability and the colours of the silk velvet can vary slightly with the dye lot. If you want velvet lumbar cushion covers to match a velvet quilt or throw then you need to purchase them at the same time. We endeavor to update our photography each season to show these changes.

All our cushion covers are sold to wholesale and trade customers without an insert. We are not a wholesale supplier of inserts but we do purchase feather 40 x 80cm long lumbar and 40x60cm lumbar inserts for our studio store so we can supply them in limited quantities for an additional cost if needed.
